

Autumn Colour Walk

Use the 5 bar gate method to count.

How many different coloured leaves can you find on the ground?

Can you find some red Hawthorn berries?

Can you find some dark blue sloe berries?

How many different coloured fungi can you spot?

The yellow Honeysuckle may still be in flower - can you find a flower?
Can you find the berries of the Honeysuckle?
What colour are they?

How many different coloured lichens can you see?
